DVANCE! Advance! has become the cry of the ages. Towns have expanded into cities and cities into great melting pots of civilization by means of such a cry as this. Rensselaer grew from a struggling settlement on the Iroquois River in eighteen thirty-two to an enterprising town. Chicago, almost our next door neighbor, in a shorter period of time than the history of Rensselaer covers, has become a great center of population. This year Chicago celebrates the Century of Progress Exposition, one of the greatest events in our history. This exposition portrays Chicago's great progress since the building of Fort Dearborn to its present ranking as the fourth largest city in the world. The very spirit of modernity that prevails in the architecture of the buildings at this exposition is suggestive of our great advancement. As people build, so they think. With the use of flowing curves and graceful columns, one may expect an age of reflective and gentle people to be the builders, but with such abrupt, straight, and severe planes on which our architecture is now

based, there can be no doubt as to the character and life of the modern generation. The one thing which may be noted from this, our exposition, is that we are on the verge of something new. Whether we continue in modern theories and architecture or whether we revert to old ideas will be part of this interesting history of the present generation. It is in this modern spirit that the "Chaos" is dedicated to the Century of Progress Exposition.

THE CHAOS

We, the Seniors of Rensselaer High School, devote this book to the students and to their activities. To provide material which is interesting and instructive for the reader both now and in his later life has been our object. Pursuing this thought, we have divided the book into two sections. Book I deals with classes as units, the faculty and school board. Book II is representative of the activities of the student. We sincerely hope that the "Chaos" will be pleasing to you now and that as years go by, it will increase in its value to you.

The Editors

In Book I an attempt has been made to secure subjects relative to the school and its advisors. We have selected the School Board, Faculty, and Senior, Junior, Sophomore, and Freshman classes as subjects fitting into this category.

BOARD OF EDUCATION DEEPLY INTERESTED IN SCHOOL

The Board of Education is composed of Mr. Elza Grow, Mr. Charles Postill, and Mrs. James Chapman, who are among Rensselaer's most worthy citizens. They are all patrons of the school, taxpayers, and serve the best interests of the school with only a small remuneration.

The members are elected for a three year term by the city council. The president is Mrs. Chapman, who is filling the unexpired term of Mr. George Bales. She is a person of untiring energy and enthusiasm. Mr. Grow holds the office of treasurer and the secretary is Mr. Postill. These three have a keen feeling of responsibility towards the school of which they are a part.

Mr. Gale Smith is our superintendent, who is ever striving for the improvement and welfare of our entire school. It is his earnest desire that all the pupils and teachers cooperate and strive to perpetuate the school's good name and to be charitable towards her faults.

Mr. Frank Stephens, our principal, is a vital part of our school system. His sincerity and thoughtfulness have made him a very valuable friend and adviser.

TEACHERS AS CO-STUDENTS ERING PLRSONAL INTEREST TO ALL SUBJECTS

At the opening of the school term this year the faculty remained the same as the previous year with a few exceptions. Miss Greenham had come to R. H. S. from the neighboring high school at Morocco to act as our Home Economics instructor. As an economy measure, art was dropped from the high school curriculum so we had one less member in the faculty. MR. CLARK presides over the Biology room with infinite dignity. Under his personal direction the Hi-Y organization has become an outstanding factor in the character building of our high school boys. MISS SPENCER has served faithfully in her position as Dean of Girls for four years. She is the sponsor of the Sunshine Society, MR. STROLE piloted the football team through a very successful year. It is his duty to train the up and coming generation to be good citizens. MISS MYER may be producing some future Barrymores, for, under her capable guidance all high school dramatic productions are presented. She too strives to improve the English of the Freshmen. MR. SHRODE, our versatile teacher, drills his pupils in such fields as chemistry, physics, mathematics, and geography. MISS NEAL is the Junior-Senior English teacher but this does not mean that she has no contact with the under classmen. She rules over the Freshman study hall and assists in sponsoring that

class. MR. BUNDY supervises the training of our future farmers. His enthusiasm is plainly infectious for under him the agricultural department has steadily increased. MISS STONER has served as the physical education director for five years. This year has been most successful under her careful management. MR. JARDINE, the trainer of afterdinner speakers, is also the sponsor of our school paper. Under him the paper has shown no effects of the depression. As evidence of his effort the paper has won much recognition. MISS MURPHY is our very capable commercial teacher. She assisted the Juniors in the management of their activities. This year MR. STOKESBERRY made his debut as coach of our basketball team. His personality, coupled with his ability to teach his proteges, has won him a place in the hearts of all the students. MISS KRESLER and MISS SPRAGUE expend their efforts in teaching the foreign languages which enable the students to be more self-assertive and word conscious. The Seniors were guided carefully by Miss Sprague. MR. HOLT is endeared to many of the students especially because he was their fellow-teacher in the grades. He imparts Algebra to the Freshmen and teaches manual training. MISS MARKLE strives to make singing enjoyable to all her students. She also endeavors to teach a knowledge of the fundamentals of music. Under her guidance the Primary school presented a very clever operetta. MISS GREENHAM directs the foods, clothing, and home management classes. She is producing experts in these lines.

SENIODS ATTAIN GOAL

The class of '33 has at last reached its goal. For twelve long years the trials and joys of the student have been endured by us just for the sake of one event-graduation. It seems strange. but we have worked for twelve years just to be allowed to walk across the stage, receive a rolled piece of parchment tied with a pretty ribbon, say "thank you", and resume our seats. Outwardly that is what we have done, but if all factors are considered, we have really accomplished something worth while. The first unit of our life is completed and evidently completed with a fair degree of success. Since we first entered the primary building on through the grades until this very year, we have been molding our character. Just as the very smallest traits and habits that we have acquired during these years affect our later life, so we should have made the most desirable habits that we know. Our class has been outstanding since we first entered the doors of R. H. S. as verdant freshmen. Our number then was one hundred, but we have lost some of our friends who started with us and now we have only seventy-three. All of us remember those first days of high school life. Somehow they seem to have been the most fun. Our joys and our fears were mingled into one grand ecstatic dream. We enjoyed the dream for a short time, but then we decided to obtain more material things. First, we received honors in the athletic line, then in the scholastic field, and still later in the social life of the school with the Junior Prom. Throughout our high school life we have led, and we hope to continue in the future in our own lives. We owe a great deal to R. H. S. and we are grateful for the pleasant and happy times which we have enjoyed here in school.

JUNIOR CLASS NUMBERS 77

The Junior class of Rensselaer High School has increased its enrollment in the past three years by five members.

September 2, 1930, seventy-two freshmen entered the fight for education. They elected the following officers: Harris Warner, president; Ralph Donnelly, vice president; Thomas Parkison, secretary; Mary Morton, treasurer.

Although seemingly insignificant, they entered whole heartedly into participation in the school activities. Several freshmen from the Latin 9 class took part in the County Latin contest. Jeanette Rowen took first place and was thereby qualified to enter the District contest held at Rensslear. Harris Warner won fourth place.

A peppy group of freshman boys went out for football, basketball, track, and spring football. Several won minor letters in these sports.

One from the class represented the freshmen on the Chaos staff, and several had places on the Rensselaerien staff.

On September 7, 1931, this class started another year of learning. This year the sophomore class was again well represented in school activities. Jeanette Rowen again took first place in the County Latin contest. Howard Beaver also did very well.

Rabin Pullin ranked first in the plane geometry contest of the county and thus he was qualified for the District contest held at Bloomington. Here, too, he ranked high.

Martha Kresler and Janet Sigo played leading parts in the high school operetta, "The Count and the Coed".

Beulah Arnott and Jean Smith had parts in "Jerry", the Masque and Wig play.

The class was well represented in football and basketball.

Several of the class were on the Rensselaerien staff and in the Masque and Wig Club, Sunshine Society, Hi-Y, and Future Farmers' Club.

The Sophomore class elected for its officers: Ralph O'Riley, president; Beth Gaines, vice president; Jeanette Rowen, secretary-treasurer.

As juniors, this class felt more confident and dignified, as befits upper classmen. The third year has been no less eventful.

The following officers were elected: Robert Strawbridge, president; Beth Gaines, vice president; Jean Smith, secretary-treasurer. Under the excellent coaching of Miss Myer, the juniors presented the humorous class play, "Digging Up the Dirt"

This year several of our class won major letters in football and basketball. Lynn Jordan made the varsity basketball team and several others ran close seconds with the varsity team.

The crowning event of the year was the Junior Prom which was given at the Armory.

Every member of the class looks forward with eagerness to the last year of our journey for education. Likewise, every member is expecting to make the coming year more eventful and more successful than any of the preceding years.

HALL ELECTED CLASS DRESIDENT

In the fall of 1931 sixty-four Freshmen were enrolled in the Rensselaer High School, destined to become the "Class of the Year 1935". This class, as all others before it, was not given the recognition it felt was due it, neither by the faculty nor by the upper classmen. But as the school year passed, they gradually saw this was more from their own disallusionment than from any lack of respect of their superiors. They began to see they had only just begun. Although four courses were offered, namely: academic, commercial, agricultural, and home economics, most of the students chose the regular academic course, thereby fulfilling the requirements to enter college after graduation from high school. Under the capable guidance of Miss Neal and Mr. Bundy and with Frances Murphy as their president they passed a very successful year taking part in the various school activities.

On September 1, 1932, this same class enrolled as dignified Sophomores and early that same month at a very riotous and stormy class meeting elected Granville Moody Hall their class president. Thus on the shoulders of this stalwart and capable Barkley agriculturist rested all the trials and tribulations of about seventy self-assertive students. Mr. Hall had the assistance of Delos Kanne, son of the Jasper county sheriff, as vice president and Evelyn Fletcher, secretary-treasurer. Miss Neal and Mr. Shrode were chosen sponsors. One of the most pleasant social gatherings of the school year and one in which only Sophomores participated, was their Hallowe'en class party.

As outstanding achievements during the year they had several members on the Rensselaerien staff, one member on the Chaos staff, one girl assisted as yell leader, and two members on the Debate team. Several boys of this class played in the school band. In athletics the girls had a very strong basketball team. Two Sophomore boys belonged to the football squad and took active part in all the games. Many of the girls belonged to the Society and a large number of the boys joined the Hi-Y and the Future Farmers' Club. During the year an Interclass Basketball Tournament was held. The Sophomores played against the Freshmen and they fought gallantly; nevertheless they were defeated.

Robert Mannan, one of our classmates, became ill during the first of this year with the flu, which so weakened his vitality that he had to withdraw from school entirely. He is now in the Riley Memorial Hospital in Indianapolis, Indiana, receiving the best of care under skillful physicians. Thus this class lost one of its most brilliant and promising students.

YEA FROSH:

On September the fifth, one hundred and eleven Freshmen enrolled. This is the largest class that has ever entered Rensselaer High School. By the end of the first semester about five students had dropped by the wayside, some because of illness, others because they knew more than the teachers.

The Freshman class was represented on the Rensselaerien Staff, the Debating team and in the Dramatic Club, G. A. A. and Dolly Madison Home Economics Club.

The class met with their sponsors, Greenham and Strole, on September the seventh for a class election. Edward Kurtz was elected president and Elbert Malone vice president.

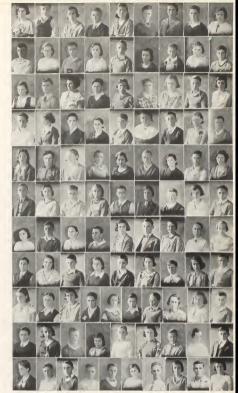

The Freshman Class received many honors on the Honor Roll. Ten or more names appeared on the Honor Roll each time it was posted.

Many honors were received in athletics. Several of the class received R's either in football or basketball. On March sixteenth, the Freshmen won the class basketball tournament. In the first game the Sophomores were conquered and the Juniors were beaten in the second game.

The Freshmen were tormented continually and called "green" by the upper classmen, but they took this bravely, for were not those upper classmen Freshmen at one time? A wonderful change came over the class during the latter part of the year, for those children who had entered in September were no longer green but were transformed into intelligent and industrious (?) students.

Three more years to go! Such is true for the Freshmen who have been trying to adapt themselves to the Rensselaer High School. Our desire is that we can carry out the rest of our high school career as well as we have at the present time. The upper classmen have smiled at our embarrassment in trying to find seats in study halls but we feel we have lived through it all admirably.

Our sponsors are conscientious and patient. Under their leadership we have quickly learned to like the school and to look forward to the next three years with pleasure. Row I: Maher, Schultz, Parker, Trudeau, Krik-Wilcox, & Wilcox, & Wilcox, & Krik-Wilcox, & Wilcox, & Krik-Wilcox, & Krik-Wilcox

The greatest and probably the fastest game of the year was with Goodland's Purple and Gold basketball team.

It was "nip and tuck" all through the game. In the last few minutes of play, with Rensselaer in the lead, Goodland stepped on the accelerator and nearly became in step with the Red and Black, but the final gun sounded, keeping the R. H. S. Warriors in the lead. The final score was 32 to 31.

Capt. Brandenburg led the team to a fine record, winning ten games and losing ten. The boys receiving sweaters were, Capt. Brandenburg, Yeoman, and Manager Ward. Those receiving Major letters were Blankenship, Kresler, Jordan, Kryder, Hasty, Warner, Beaver, and O'Riley. The boys receiving minors were Hatton, Lashbrook, Kurtz, Rowen, Mannan, Strawbridge, Marlin, Morton, Hartman, and Dunlap. The average number of points made by Rensselaer was 26. The average number of points made by the opponents was 25.

CHAOS STAFF SDRINGS BIG SURPRISE

CLEAR THE WIRES! IMPORTANT NEWS!

Everyone is shocked and amazed at the changes which have taken place in this year's Chaos. From the first to the last page, it embodies the new principles of printing, pictures, and modern journalism. In the course of the forty-eight pages various surprises are revealed. The staff, after a great deal of consideration, decided that we needed a change. From the Atlantic to the Pacific, people wanted a change in the recent election. They obtained it and so did we. Our idea is not to be too aggressive but to keep abreast of the times. Now, we of the staff present something novel in its way, a book which we hope will establish a precedent throughout all future Chaoses. We Hope You Like It!

We feel very fortunate in being able to publish a book this year because of present business conditions. Our book was financed mainly by sales of Chaoses and by the Senior play. The members of the staff are:

LARGE STAFF DUBLISHES DENSSFLAERIEN

Thirty capable students representing all four classes in high school served admirably on the Rensselaerien Staff this year. This is the largest number of students who have ever been on the staff, and only six of this group had worked on "The Rensselaerien" before. With the aid of the faculty sponsors, Mr. Jardine and Mr. Stephens, the paper was edited once a month by these students.

This year two separate divisions, the editorial and business staffs, coöperated to make the paper the success that it was.

Many schools this size discontinued their school papers this year, but Rensselaer diminished the number of issues and cut the subscription rate. Support of the student body and advertisers maintained the '32-'33 Rensselaerien.

Last year the paper won two prizes in a contest, in which contestants from every part of the state competed. However, results of this year's contest will not be known until sometime this summer.

SUNSHINE GIRLS RADIATE

On April 14, 1922, the Sunshine Society of Rensselaer High School was organized by Miss Grace Norris. She was faculty advisor of this organization until 1929 when she was succeeded by Miss Gwendolene Spencer, who still retains that position.

This year approximately sixty girls were taken into the society by means of the candlelight service. It is a very impressive service and it succeeds in bringing out the meaning of the Sunshine Society.

The purpose of the society is best expressed in the Sunshine Creed. It is the desire of all the Sunshine girls to bring as much happiness and cheerfulness to others as they can. They are truly good fellows and wish to help everyone with his troubles.

The society consists of several committees. The committee are: a committee for spreading sunshine in the school, a committee for spreading sunshine in the community, and a finance committee.

This year the society was divided into many committees and each committee took turns in providing entertainment for the different meetings. We had many very interesting programs.

This year the Sunshine Society has done fairly well. At Christmas time several baskets of food were distributed to needy families. Many toys and a great deal of clothing was given to children who would have had no Christmas.

The district Sunshine Convention was held at Thorntown on October fourth and fifth. Miss Spencer and three delegates, Zelda Daugherty, Beth Gaines, and Claudia Kruzan attended the convention. The Sunshine Girls of Thorntown certainly were to be complimented upon their wonderful work that made the convention a huge success. Mrs. Sandefur, the State Dean of the Sunshine Society, was a guest at the convention. She is a very wonderful woman and she is a great inspiration to all girls who have the opportunity of hearing her talk.

HI-Y HAS A SUCCESSFUL YEAD

This year the Rensselaer Hi-Y had a very successful year. Not only was the membership of the organization increased but the character of the members was of the finest. Early in the year twenty-one new members were admitted, thus giving a total membership of thirty-nine.

This year the character of the members was stressed. For this purpose two committees were appointed: the Membership and the Rules. These committees were composed of capable boys, and their work was done well.

For the first time in its history, the Hi-Y coöperated with the churches. A father and son banquet was held at each of the churches. The organization went in a group to church for three consecutive Sundays. During the Lenten season, a Bible class, taught by Mr. Clark, met every Wednesday. The boys appreciated this a great deal.

Generosity has always been an aim of the Hi-Y. A small sum was donated for charity at the holiday season. Near the close of the school term, medals were given to the deserving boys.

This year the Hi-Y enjoyed several good speeches. At all but three of its eighteen meetings, the club was visited by a man, prominent in school or city affairs. Some of the best talks were given by Mr. Holt, Mr. Jardine, Mr. Stephens, Mr. Bott, Mr. Smith, Dr. Gwin, Rev. Griest, and Judge Leopold. The Hi-Y owes such a good program to the work of the Program Committee.

The officers for the year were: Leon Kresler, president; Harris Warner, vice president; Ronald Ward, secretary; Rabin Pullin, treasurer; and Mr. Clark, sponsor.

AGGIES ACTIVE IN CORN SHOW

The Future Farmers' Club consists of the members of the vocational classes. All of these boys are farm boys. This is the third year that the organization has existed in Rensselaer High School.

The purpose of this club is to promote leadership training, 4-H club work, and to participate in community and farm activities.

Officers of the club the first semester were: Paul Hooker, president; Wallace Cook, vice president; Fred Moore, secretary; and Joe Harlow, treasurer.

Officers of the club for the second semester were: Lynn Jordan, president; George Lashbrook, vice president; Raymond Spurgeon, secretary; and Gerald Miller, treasurer.

The Jasper County Corn Show, held in November, was a big success. This show was sponsored jointly by the Jasper County Corn Grower's Association and the Future Farmers' Club. There were about four hundred and thirty exhibits at this show. Two hundred and twenty persons attended the annual banquet. The Gala Night was very well attended and everyone enjoyed the entertainment that was provided.

The Junior-Senior section of the Agriculture class held a farm shop course the first semester. Saw filing, saw gumming, making saw clamp, rope splicing and making, making of rope machine, sharpening of edge tools, and fitting handles in tools were some of the jobs which were completed by Agriculture boxs.

MASQUE AND WIG HAS INTERESTING YEAD

The purpose of the Masque and Wig Club is to promote an interest in drama and encourage its production. This is accomplished by the reading of plays and discussions as to their general nature.

Anyone seeking membership to the club has to prove his dramatic ability by "trying out". This year resulted in the affiliation of seventeen new members, bringing the total membership to thirty-nine.

The meetings proved to be very inspiring; one in particular, during which Miss Myer gave an interesting discourse on European and British Theatres.

The social events were somewhat limited. However, a "pot-luck" supper was held at the home of Frances Murphy and all of the unspent enthusiasm was concentrated on this party.

Officers for the past year were:

Martha Parks President
Eleanor Long Vice President
Ralph Hopkins Secretary-Treasurer

ORCHESTRA
Standing Mills P. Mills Hartman Powen

Standing—Mills, R. Mills, Hartman, Rowen, Duggins, Kruzan, Stockton, Karnowsky.

Sitting-Moore, Adair, Randle, Lane, Washburn.

Orchestral work was made an accredited course a few years ago, and since that time it has become very important in the school curriculum. Practice is held every Friday during the fourth hour.

Among the various engagements fulfilled this year were, the Junior Play, the Senior Play, the Jasper County Corn Show, a P. T. A. anniversary program, Class Night and Commencement.

Much of the credit for the success of the orchestra is due to Miss Markle, our music instructor.

A male quartet was organized this winter under the splendid direction of Miss Markle. Its membership is composed of Clarence Sanders, first tenor; Ralph Hopkins, second tenor; John Moore, baritone; and Jack Lane, bass.

Some of the occasions for which the quartet has performed are, the Jasper County Corn Show, a Rotary dinner, the Primary operetta, the P. T. A. district convention, a meeting of the Federated Clubs of Jasper County and for the graduation exercises of 1933.

QUARTET
Sanders, Hopkins, Moore, Lane.
Pianist—Washburn.

BAND PROGRESSES UNDER ABLE SUDERVISOD

BAND

Row 1—Magnus, Moore, Samuels, Eger, Mills, Adair, Kurtz, Loy, Professor Tonner. Row 2—Moelhman, Toben, Daniels, Mills, Hartman, Horton, Larsh, Karnowsky.

The band of the Rensselaer schools was organized the third Tuesday evening of September, 1922. At that time there were about fifty members. It has recently been reorganized and officers were elected according to the rules of the new constitution, drawn up by Mr. Paul Magnus. The officers elected were Bill Stockton, president; John Moore, vice president; Glen Toben, secretary-treasurer; Elwood Samuels and Francis Moelhman, librarians; Mr. Magnus, business manager. Meetings are held every Monday evening in the high school gymnasium. The band played for all of the home basketball games and at the Jasper County Fair. Every Wednesday evening, during the summer months, the band gives a concert in the courthouse souare.

Under the able supervision of Professor Paul Tonner, the band, now consisting of thirty members, has advanced rapidly and it is an organization of which both school and community may well be proud.

DIGGING UP THE DIRT

On November tenth the Junior Class presented "Digging Up the Dirt", a three-act comedy by Bert Norton. The play tells the story of a professor of Archeology and two of his college pupils who are living in an adobe shack in New Mexico, and excavating Pueblo ruins. All the boys find is a skunk. When the play opens, the two boys are clad simply in underwear and blankets. The arrival of a party of relatives and girls on a visit of inspection precipitates a most amusing scene in which the young fellows pretend to be native Indians with terrible misunderstandings all around. Later, the Professor is struck down by a mysterious assailant and more complications develop.

Robert Strawbridge, Raymond Beaver, Howard Beaver, Ed Shoemaker, Thomas Parkison, Jean Smith, Martha Jane Hamilton, Janet Sigo, Doris Axen, Francis Potts, Beth Gaines, Robert McColy, James Fletcher, and David Turfler were members of the cast. Robert Hartman, Robert Hile, and Rabin Pullin assisted in the production.

The Junior class worked diligently to make their play a success so that they might have sufficient funds with which to plan their annual prom.

THE FOUR-FLUSHER

"The Four-Flusher", a comedy in three acts, by Caesar Dunn was presented by the Senior Class on "The Four-April twentieth. Flusher" is a comedy of hustling American youth. When everyone believes that Andy Whittaker, a young shoe store clerk, is about to inherit a million dollars from a dving uncle, he is received into society and decides that he loves a society girl. But when the uncle refuses to die, the society girl turns him down. He returns to the shoe store, and an arch supporter which he has invented proves a gold mine. Andy finally realizes that he has always loved Jerry, the cashier at the shoe store, and there is happiness enough for everyone.

As is the usual custom the proceeds of the play were used to help defray the expense of the Chaos.
